

GAMING WITH ROBERT HARTLEY GM

THEMES AND TOPICS CONSENT CHECKLIST

I like to ensure that everyone at my table is having a fun time, so here is a form that helps me to know, ahead of time, whether there are certain themes or topics I should avoid. Unless I have told you otherwise for this game, my games are usually set in a high-fantasy, magic-rich equivalent of medieval Europe, and I strive for verisimilitude.

PLAYER NAME: Shaboingboing Them (Jaiden)

SELECT YOUR PREFERENCE FOR EACH OF THE THEMES OR TOPICS BELOW, BY USING THE FOLLOWING KEY.

- A – NO OBJECTIONS TO IT BEING INCLUDED IN ANY CAPACITY.
- B – NO OBJECTIONS TO THE INCLUSION OF THIS IF IT INVOLVES ONLY NPCs OR OTHERS AT THE TABLE, BUT WOULD PREFER MY CHARACTER NOT TO BE DIRECTLY INVOLVED.
- C – IF IT IS INCLUDED, I WOULD PREFER IT TO BE VEILED OR ALLUDED TO 'OFF-SCREEN'.
- D – HARDLINE, PLEASE DO NOT INCLUDE IT NOR ALLUDE TO IT 'OFF-SCREEN'.

Remember that you are not stating the things you object to in real life (of course, we all object to harming children, IRL!) but the things you object to being included as a plot-point or set-building or narrative element. Anything that I do include, I will handle respectfully.
